

THE NEW GUILD TRUST

Maths Intent

We know that our children start school with different levels of maths understanding. Our curriculum is designed to ensure that all children have access to progressive, creative and engaging opportunities in maths; preparing them for their future as a lifelong learner.

Specific language development and practical experiences in maths will enable them to become “deep thinkers” acquiring maths skills that can be recalled quickly and transferred and applied in different contexts.

The challenges presented in maths will enable children to become resilient, making clear connections across the areas of maths, using their knowledge in other subjects and in their everyday lives.
